"The Star Spangled Banner." For some weeks we have not received a number of this valuable paper. Is this on account of the irregularity of the mails, or is it from a neglect of sending it? We would have to lose more than the "Star Spangled Banner."

"Cleanliness is next to godliness." The Niles Enquirer records the good luck of a citizen of that village, who, while bathing in the river, discovered after an industrious "scrub" of his person of about five minutes, a pair of drawers which he had lost two years before.

The Oregon Standard is discussing the question whether the people of that territory, when numerous enough for a State, ought to seek admission into the Confederacy or set up for themselves as an independent government.

The last accounts from China describe a more settled state of affairs, both at Shanghai and Canton, communication with the interior having become less difficult.

A white deer was killed by a gentleman residing on Black Cypress, Texas, about three weeks since. It is described as being quite a curiosity - perfectly white all over.

The New York Times, for September, reports a curious case of change of color of the skin of a young man from white to that of mulatto.

Z. Collins Lee, Know-Nothing candidate for Judge in Baltimore, married a Catholic wife.

The Missouri Wine Company at St. Louis are manufacturing champagne from grapes grown in that State, of excellent quality.

A retail merchant in Buffalo says that his business increased from \$11,600 to \$37,000 in a single year, by adopting a thorough system of advertising.

Kossuth thinks that the prospects of peace are rather lessened than otherwise by the fall of the south of Sebastopol.

The Loudon (Va.) Mirror complains of the escape of slaves from that county, and says that fifteen or twenty negroes have been missing within the last month.

The details of the insurrection of the natives (Souths) in Bengal against the English authority, show that the movement will be formidable, and its consequences very serious.

John Randolph said that preachers and women ought not to dabble in politics.

Later intelligence from Norfolk and Portsmouth state that the fever has nearly disappeared.

An ox gill will set any color - cotton or woolen.

A suit has been commenced in the Circuit Court against Passmore Williams, for the value of the abducted slaves belonging to Mr. Wheeler.

MARRIED.

In Weston, Missouri, on the 18th inst., by the Rev. Mr. Irish, WILLIAM H. MILLER, Esq., of Parkville, to Miss MOLLIE ADAMS, of Weston.

It always gives us pleasure to chronicle the good luck of a warm friend, and in this instance, "WILLIAM" should be congratulated on his good judgment, in making the happy selection of one who will prove - "A guardian angel over his life presiding. Doubling his pleasures and his cares dividing."

If our kindest wishes can insure a happy life, then they will know no care or disappointment, but glide onward through life, like two sunny streams side by side, and each live to love the other, giving the assurance, "That angels look with ardent gaze, And bid them LIVE - and LOVE."

In Atchison, K., T., on the 17th inst., by Rev. W. G. Caples, Mr. JAMES T. DANNAL, to Miss ANNIE E. SIMMONS.

It affords us pleasure to record the above marriage. It was certainly an AMOROUS-making scene. We have been well acquainted with both bride and groom for a long time, and have no hesitancy in saying they have each drawn a high prize in the matrimonial lottery.

A supply of cake was received, the quality of which both, editor and printers can testify to. May their days be many and happy; and let them remember: "It is not much the world can give, With all its subtle art; Besides these adorns which necessarily include the expenditure of the appropriations made by Congress for public buildings, and also made to the county seat of Douglas County, at Brookfield, Massachusetts. He is a gentleman of considerable influence, and universally beloved."

It is useless to dwell upon the advantages and facilities afforded to the mercantile and travelling public by this river road; the interest in the interior and to the West, will here avoid the disadvantages of the land transportation from the river to a point so far inland, and are long Leavenworth is the starting place for all the trade now scattered along the Missouri river.

Colleges, Universities, and other literary institutions have not been neglected by the friends of Education, and a list has been declared for all these have been obtained, and prominent men named as incorporators or trustees who will by their zeal and energy bring to the building in a city, to be surpassed by very few in the Union. For further information, address A. RODRIQUE, President, or S. J. JONES, Sec'y, at Leocompton, K. T.

Public Sale of Town Lots, AT LECOMPTON, KANSAS TER.

ON the 23d of October next, a public sale of town lots will take place at Leocompton, Kansas Territory. Leocompton is beautifully situated on a gradual eminence, on the south bank of the Kansas river, immediately opposite to the mouth of the Grasshopper, the shore is rocky, and the landing the best on the Kansas river.

The whole of the country for many miles around may be said to comprise the richest land and best timber, to be found in the Territory. No better hemp, cork, or what lands can be found in the West, nor a better watered country. The nature of the formation is such, that a continuous process of fertilization is going on from the gradual disintegration of its limestone. The point of health, the well drained nature of the country is a sufficient attestation, that no malaria can here exist. Building materials of the finest quality, both limestone and brick clay, are here found in abundance, and the coal discovered throughout the Territory, underlies this country also.

This portion of the country is the most desirable populated part of the Territory, and the fine fields of corn and other grains which surround it show the fertility of the soil, and the value of the lands. Little more need be said of the advantages of this place and its neighborhood, except that persons wishing to invest in the rare chance now presented, will visit the town and judge for themselves.

Capitalists and others will, however bear in mind, that Leocompton has been made the Government for Kansas Territory by the Legislative Assembly, at their late session, and has also made it the county seat of Douglas County, at Brookfield, Massachusetts. He is a gentleman of considerable influence, and universally beloved."

Now is the time for MECHANICS.

PROPOSALS will be received at the office of the Clerk of the County Court for the county of Calhoun, Kansas Territory, until the 30th of October, for the building of a COURT HOUSE in the town of Calhoun, in said County. The bids will be received separately for the different parts of said work, to-wit: One for the stone work; one for brick work; one for carpenter's work; one for furnishing lumber; one for plastering; and one for painting.

The plan and specifications of said House can be seen at said office any time after the 15th inst. The superintenders of said building will be ready to answer the rights of rejecting any bids, if they desire the same on high terms. Done by order of the Board of Commissioners for said county of Calhoun, this 15th day of October, 1855. WM. L. KUYENDALL, Clerk. October 23, 1855.-2w

YOU DESERVE CREDIT FOR YOUR DISCOVERY.

THE following is from a distinguished member of the medical profession: ST. PAUL, Jan. 1, 1855.

Prof. O. J. Wood - Dear Sir: Unquestioned, I know you for the restorative. After being nearly blind for a long time, and having tried all the hair restoratives, and having no faith in any, I was induced, on hearing of yours, to give it a trial. I placed myself in the hands of a barber, and had my head rubbed with a good stiff brush, and the Restorative then applied and well rubbed in, till the scalp was all a glow. This I repeated every morning and in three weeks the young hair appeared, and grew rapidly from August last up to the present time, and is now thick, black and strong - soft and pleasant to the touch, whereas, before it was harsh and wiry, what little there was of it, and that little was disappearing very rapidly. I still use your Restorative about twice a week, and shall soon have a good and perfect crop of hair. Now I have read of these things - and who has not? but have never seen hitherto any case in which any person's hair was really benefited, and it really gives me pleasure to record the result of my experience. I have recommended your Restorative to all my friends, and have had a general sale throughout the Territory. All people here say its effects, and have confidence in it. The supply you sent us, as a wholesale agent for the Territory, is nearly exhausted, and daily inquiries are made for it. You deserve credit for your discovery. I for one rest assured that I have not been deceived, and I certainly had not despaired long ago of ever effecting any such result. Yours, hastily, J. W. BOND, Firm of Bond & Kellogg, Agents, St. Paul, M. T.

The undersigned, Rev. J. K. Bragg, is a minister in regular standing, and pastor of the Orthodox Church, at Brookfield, Massachusetts. He is a gentleman of considerable influence, and universally beloved. (Copy) Wm. DYER, BROOKFIELD, Jan. 12th, 1855.

Prof. Wood - Dear Sir: Having made trial of your Hair Restorative, it gives me pleasure to say that its effect has been excellent in removing inflammation, dandruff, and a constant itching, which which I have been troubled from my childhood, and has also restored my hair, which was becoming gray, to its original color. I have used your Restorative with anything like the same pleasure and profit. Yours truly, J. K. BRAGG, LOGANSPORT, Ind., June 27th, 1855.

Messrs. O. J. Wood & Co. - Gents: Yours of the 18th, is just received. Enclosed please find \$25.00 being the amount for hair restorative. I have sold it all.

If you choose you may send me six dozen Hair Restorative. I think I could sell it. It has worked miracles in this place. I sold a man six \$1 bottles, who was bald, and it brought new hair all over his head. Yours very respectfully, W. H. GRIDLEY.

144 Market St., Louis, Mo., March 5, 1855.

Dear Sir: I am doing an extensive travel in the West and South-western States, as a General Agent for Adams' American Liniment, and would be glad if you would favor me with a consignment of Prof. Wood's Hair Restorative, as I feel assured that I can introduce it in many places where it is not known, as my own head is a living testimony of its valuable properties, in restoring the hair to its natural color. I am forty years old, and my hair was almost white, but after using three half pint bottles, my hair is now of its natural color, and is much improved in appearance, and I would not be without a bottle on hand, for the price of one. I am glad to attend to any matter connected with the Hair Restorative. I have been for thirteen years engaged in the same business, and will be glad to hear from you soon. My address is Paris, Tennessee. As some think the original Restorative containing Sulfur, was better than the clarified one, I will notify all that hereafter they will put up and keep constantly on hand both that which is clear, and that which contains Sulfur. Persons wishing to procure Lots immediately will have opportunity of so doing, by calling on Henry Brady, or Jonathan Hartman, both of whom are authorized Agents for the Territory. All kinds of family Groceries, and best timber in that Territory, with a permanent landing, commanding a view of the river for several miles above and below. The principal office is located on a boat of stone coal, of the best quality. Arrangements are being made to have said stone coal opened and wrought by Joint Stock company, in the strictest manner, and the result will be a sale of lots. There is now, in course of erection, a good steam Saw Mill, which will be in successful operation in a few weeks. Good and commodious Tavern is in process of erection which will be opened for the accommodation of the public in a short time.
